### UNBEATABLE VERSATILITY

Ideal to clean large surface such as heavy construction equipment, slate roof, paved road, sewer pipe, and so on.

### LOW NOISE, ECO-FRIENDLY

The engine slows down when the operation is put on hold.

### CYCLONE STRAINER

This attachment protects a pump from destructive solid material entering the engine.

Cyclone Strainer

Spray Gun

Water Spray Hose

### ACCESSORY

Water Pump Strainer		Cone-Shaped, Mesh 30
Water Sucking Hose	(m)	3/4" x 3
Spillage Hose	(m)	1/2" x 3

## Specification

PUMP		
Model	(mm)	WHP730C
Spray Pressure	(MPa)	89
Water Flow Quantity	(L/min)	30
UNIT		
Continuous Operating Time	(H)	6
Dimensions	(mm)	862(L) x 470(W) x 647(H)
Dry Weight	(kg)	88

ENGINE	
Model	mitsubishi GB220LE
Type	Air-Cooled, 4-Cycle, OHV Gasoline Engine
Continuous Rated Output	(kW/min <sup>-1</sup> ) 307/1800
Displacement	(L) 0.215
Starting Method	Self/Recoil Starter
Fuel Type	Regular Gasoline for Automobile
Fuel Tank Capacity	(L) 12

## Definition of the icons

Continuous operation time

Noise level

Monitor shortage of the engine oil

Degree of the water pressure

Remove dust by rotating filter
